

Another 2007 California Cabernet Special Find From **GREEN'S!**

Louis Martini
Cabernet Sauvignon
Sonoma Co. 2007

Louis Martini Cabernet Sauvignon Sonoma Co. 2007
Green's Cash Price: \$10.99

You loved our Angel's Landing Stag's Leap 2007 Cab offer. (We sold 112 cases over the holidays). Park Lane Sonoma County Cabernet Sauvignon 2007 has been a hit as well. After selling 56 cases, we were recently able to get a second shipment in. But we have found another great wine deal, Louis Martini Cabernet Sauvignon Sonoma 2007.

We tasted this wine back in November and were very excited by its quality. It was scheduled to be put in our 2007 California Cabernet Sauvignon promotion this month. However, the latest **Wine Advocate** issue arrived at the end of December and, lo and behold, look what it said:

"...blend of 92% Cabernet Sauvignon and the rest the other Bordeaux varietals. An exquisite value, this is a seductive, fleshy, fruity wine with excellent texture, body, and balance. Lots of cassis as well as silky tannins characterize this top bargain pick!...90 points."-Robert Parker

Naturally we quadrupled our order! It's nice to have your opinion validated by the critics.

The second best thing about this wine is its price, only **\$10.99**. There is a 10% Case discount (mixed or solid) as well.

A word to the wise, buy this wine by the case, and now. It is going to fly off our shelves!
